1. Pre-Bid Conference Queries

ITEM NO.	CONCERN	REFERENCE	CLARIFICATION/RESOLUTION
Knitech Mfg. Inc.			
13	The intention for local cloth is good but all local dye houses within few days and they will resume third week onwards. Will this bidding help our bidder and local manufacturer?		This depends on the strategy of the prospective bidders. Unfortunately, the delivery period stays and will not allow requests for extensions.
Fort Bo Enterprise			
14	The quantities in the ITB and BDS differs		Please refer to Item No. 1 of this Bid Bulletin.
15	This procurement encourages local manufacturer so Foreign bidders must be restricted. In this regard, Goods offered from abroad must be deleted in the Financial bid forms		Foreign bidders may still participate provided that letter "n" of the Checklist of Technical and Financial Documents is compiled with the prospective bidder. Else, the foreign bidders may opt to enter into a joint venture with a local supplier.
16	Sec. 7.1 of the BDS states that Subcontracting is required what if we have no subcontractor		PS-DBM will base the compliance on the certificates that were validated by DTI or TESDA.
17	No. 4 of Special conditions of the Contract, what do you mean by Indicate the applicable inspection and test. Is there a required test for the acceptance no subcontractor		Please refer to Item No. 4 of this Bid Bulletin.

21	So this should be ready stock not manufactured? - the said delivery date is 15 days but the manufacturing process for this is not doable even china factories cant meet this terms. - Also how can we mobilize and sub contract to other local SME if the the delivery date is to short. Logistics for materials would take 3 to 7 days to arrive in our factory and to		Please refer to Item No. 13 of this Bid Bulletin.

	distribute materials to local SME sub contract will take time. Can delivery Schedule be extended? I mean the SME 40% should be distributed to them.		
22	I already have the DTI certificate part of having it is to agree the minimum 40% sub contracting mandate of the agency it is legal and notarized. So if we are going to manufacture 100% and make way to deliver by not subcontracting we will violate DTI rules and maybe even cancel our certification and endanger our bid if we will get even 1 lot. The problem is the sub contract SME's cannot give as guarantee to deliver the 40% allocated to them in 15 days.		PS-DBM is not the issuing institution of such certificates. Thus, cannot set the minimum requirement. Also, please refer to Item No. 16 of this Bid Bulletin.
L&T International (Luenthai)			
23	On subcontracting to SMEs, is there a minimum %. Understand max is set at 20%, how about the min?		Please refer to Item No. 16 of this Bid Bulletin.
