

CP S04-07 Responses to Clarification Requests (Batch 3)

Packages	Vol	Sec	Page No.	Clause No./Title	Reference Text (if necessary)	Clarification Request	Final Response
S-07	-	-	-			Is it allowed for a contractor to submit two offers to one package (ex: Packages 5): First one is going as a single contractor, second one is as a member of Joint Venture with another contractor?	<i>It is not allowed. Please refer to ITB 4.3 (e).</i>
S-07	1	Sections 4 and 8	PCC 7,8	Summary of Key Dates & CP S-07 Depot Engineer's Concept Program	Whole Program	Summary of Key Dates was shown for 5 Key Dates that are KD 05-1(1,278days, 42mth), KD 05-2(1,643days, 54mth), KD 06-1(1,369days, 45mth) and KD 06-2(1,734days, 57mth). However, Engineer's Concept Program indicated 5 Key Dates that are KD 05-1(45mth), KD 05-2(48mth), KD 06-1(62mth) and KD 06-2(65mth). Please clarify on this.	<i>Key dates provided in Section 8 take precedence.</i>
S-07	1	Section 4	BF30	1. The Construction Schedule	-	Could you provide assumed Commencement date to base Construction Schedule which is to be submitted in Tendering?	<i>Planned Contract Commencement is 4th quarter of 2021.</i>
S-07	1	Section 4	BF31	3. Time-Chainage Diagram	In addition to the Construction Schedule referred to in item 1 above, the Bidder shall also provide a Time Chainage Diagram showing a graphical representation of the major elements of the viaduct work...	TC(Time-Chainage) Diagram is very useful method to represent overall construction activities for a Viaduct happening in a line such as CP-S 04~06. However it is supposed inappropriate for CP S-07 which is non-linear construction. Please exclude TC Diagram submission for CP-S-07.	<i>To an extent the depot package is linear with its preparation, and filling and then the construction of facilities. TC Diagram submission required with bid.</i>
S-07	1A	Section 4A	-	Bill of Quantities	204(2), Bored Pile, (in dry conditions)	What is meaning of "Dry Conditions"? Regarding drilling method, use of slurry is allowed in Technical specification.	<i>Bored pile has two conditions, "dry conditions" and "wet conditions". "Dry conditions" means the bored pile is located at dry land while "wet conditions" means the bored pile is located in river.</i>
S-07	3	Section 8		Attachment 1	Summary of Key Dates	Could you kindly define specific requirement for KDs?	<i>The KD requirements are to allow other contractors, particularly Railway Systems contractors to commence their installations such as trackwork. This means that structures have to be ready for this, the areas cleared and access provided. The two interfacing Contractors together with the Engineer will coordinate and agree suitable conditions of sections/rooms</i>

CP S04-07 Responses to Clarification Requests (Batch 3)

Packages	Vol	Sec	Page No.	Clause No./Title	Reference Text (if necessary)	Clarification Request	Final Response
S-07	1	Section 4	BF31	Article 2 of Programing Proposals	Access and Possession of Site	<p>"Some areas of the site may still be temporarily occupied at the time the Contractor is to take over the site and, with respect to the requirements of Clause 8.1 (c) of the GCC, the Bidder, having inspected both the Site and the Site Data made available to it, shall confirm within its Bid that the situation as it exists at the time will not prevent "Commencement of Works" in accordance with the program that is submitted by the Bidder as a part of its Bid submission."</p> <p>As per Site visit and reviewing of Site Data, the Bidder is not able to find any information for current status of Land Acquisition, Utility Relocation and Resettlement procedure. In order to confirm "Commencement of Works" based on the Situation as it exists at the moment, please provide the aforementioned information for consideration of sequence of the works and prepare proper schedule of the works.</p>	<i>The land acquisition for the depot and surrounding is underway and will be followed by change of use. The area will be available to the Contractor on commencement of works.</i>
S-06	1	Section 3	EQC 24	2.4.1/ Contracts of Similar Size and Nature	<Requirement> Participation as a contractor, JV partner, or subcontractor, in at least one contract that has been successfully(i) or substantially(ii) completed within the last ten (10) years immediately prior to the bid submission date and that is similar to the proposed works.	Please confirm that the valid period of experience is from March 23, 2011 to the original bid submission date (March 23, 2021) regardless of the extension of the bid submission date.	<i>Please refer to ITB 22.1 for the bid submission date.</i>
S-06	1	Section 3	EQC 24	2.4.1/ Contracts of Similar Size and Nature	Notes: (i) Successful completion shall mean the work under the subject contract has been completed and handed-over and a Taking-Over or Performance Certificate has been obtained from the Client. A copy of such certificate or other similar evidence shall be attached to Form EXP-1.	Among the documents the Bidder submits as proofs, some documents (i.e. Taking-Over or Performance Certificate) are not in English. Please make it sure if it will be accepted to attach English translated documents.	<i>As stated in ITB 10.1, "Supporting documents and printed literature that are part of the Bid may be in another language provided they are accompanied by an accurate translation of the relevant passages in the language specified in the BDS, in which case, for purposes of interpretation of the Bid, such translation shall govern.</i>

S-06	1	Section 3	EQC 25	2.4.2/ Construction Experience in Key Activities	<p><Requirement> For the above or other contracts executed during the period stipulated in 2.4.1 above, a minimum construction experience in the following key activities:</p> <p>4. Viaduct works for Railway or Road (Expressway or Motorway) more than 4 km using precast segmental span by span techniques. Relevant works will also include bored or precast piling and construction of reinforced concrete pile caps and piers.</p>	Please confirm if it will be accepted for a JV bidder to combine its share in a jointly executed project. (e.g. Bidder A's track record (3.5 km) + bidder B's track record (1.5 km) in a jointly executed project)	<p><i>It is the Employer's intention to select a Bidder with past experience on projects with similarity of the contract(s) in terms of physical size, nature of works, complexity, methods, technology or other characteristics of the contract as compared with those Works described in Part II -Requirements, Section 6 – Employer's Requirements, "IA- Scope of Works".</i></p> <p><i>The construction experience specified in 2.4.2 is the minimum experience required to comply with the Employer's intention.</i></p> <p><i>If bidder A and bidder B will bid as the same Joint Venture for this project, such experience may be accepted, if bidder A and bidder B have jointly executed the project.</i></p>
S-06	2	Section 6, II Drawings		Book 1 (Civil)		Please provide the detailed cross section drawings or earthwork calculation sheet to check the earthwork quantities and to establish the reuse and disposal plan.	<i>Please refer to GBB No. 07 for the CAD files. For information purposes only.</i>
S-06	1A	Section 4A		BOQ No.6-1 BOQ No.6-2 BOQ No.6-4		Please clarify the quantities of Bill No.6-1, 6-2, 6-4 because the quantities of same item in these there bills are completely same even though the size of substations is different.	<p><i>1. Substation 15 (Bill No. 6-1), Substation 16 (Bill No. 6-2), and Substation 18 (Bill No. 6-4) - are All Substation Building Type 2 – with the same Dimensions;</i></p> <p><i>2. Please refer to the following respective Drawings (Rev 21): NSRP-DWG-SS15-AR-3101; NSRP-DWG-SS16-AR-3101; and NSRP-DWG-SS18-AR-3101;</i></p> <p><i>3. Please also refer to the Substation Type 2 General Drawings (Rev 21): Substation Type 2_NSRP-DWG-SS00-AR-3009 to 3011;</i></p> <p><i>4. In connection with Item Nos. (1) to (3) above – Quantities of Bill No. 6-1, Bill No. 6-2 and Bill No. 6-4 – are All the same.</i></p>

S-07	2	Section 6 Employer's Requirements (ERQ) II. Drawings	-	NSRP-DWG-DEP- PL-3006 NSRP-DWG-DEP-FS- 7622	-	Please clarify a discrepancy between plumbing drawing (200 m3, NSRP-DWG-DEP-PL-3006) and fire protection drawing (300 m3, NSRP-DWG-DEP-FS-7622) regarding capacity of fire water tank for OCC.	<i>For NSRP-DWG-DEP-PL-3006, the 200m3 tank is for LRS. Please see NSRP-DWG-DEP-PL-7621.</i>
S-07	1A	Section 4A Bidding Forms – Bill of Quantities (BOQ)	-	NSRP-DWG-DEP- PL-3006 NSRP-DWG-DEP-FS- 7621 NSRP-DWG-DEP-FS- 7622	-	Please clarify that the items for piping work in the pumps rooms are omitted on the BOQ.	<i>Pipe System for the Fire Water Tank 1 (Bill No 4-2.13) and Fire Water Tank 2 (Bill No. 4-2.15) Pumps are to be included in the rate of the Pumps. Please refer to SCRP-TS 600_Annex A, Sub-Clause 630.1.1, Items 2(c) and 2(d), which states that rate of Pumps shall include (among others): (c) Pipe fittings and accessories, including gate valves; (d) Piping from fire water tank unto isolation valve with temper Switch and from Test Valve Manifold valve discharge pipe joint of fire pump assembly.</i>
S-07	1A	Section 4A Bidding Forms – Bill of Quantities (BOQ)	-	Bill No. 4	-	Quantity of various toilet accessories between BOQ and Drawings are different. Would you please confirm that the number of following items in the same group are same each other? ① Group 1 : Water Closet=Toilet Paper Holder=Hand Bidet Spray=Sanitary Napkin/Tissue Disposal ② Group 2 : Lavatory=Liquid Soap Dispenser=Mirror ③ Group 3 : Shower=Soap Dish	<i>Yes, the quantity of the items as grouped are the same since they are to be installed in the same location of the Toilets or Shower Rooms.</i>
S-07	1	Section 4 Bidding Forms (BDF)	-		These proposals shall be supported by sketches at A3 size and shall cover the duration of the whole of the works.	Please clarify if there is any specific format to provide technical proposal such as MS Word, PPT, Cad or etc.	<i>The sketches shall be provided as pdfs.</i>
S-07	2	Section 6 Employer's Requirements (ERQ)	-	Architectural Drawing (CP S- 07_00_AR_DEP) NSRP-DWG-DEP- AR-3202 & BOQ	-	Please clarify on which BoQ item includes the quantity for Depot Car Parking(Uncovered) and Depot Bus Parking(Uncovered).	<i>Parking pavement is included in pay item "108(1)a - PCC Pavement (Unreinforced) t=150mm" under bill no. 2 (CP S-07)</i>

CP S04-07 Responses to Clarification Requests (Batch 3)

Packages	Vol	Sec	Page No.	Clause No./Title	Reference Text (if necessary)	Clarification Request	Final Response
S-07	2	Section 6 Employer's Requirements (ERQ) III. Supplementary Information	-		Package S-07 is dependent totally on land to be acquired and may not commence before the land has been acquired and a change of use authorised.	Please clarify when is estimated time to acquire a change of use arthorised.	<i>The change of use is expected to be completed before the planned Commencement Date.</i>
S-07	2	Section 6 Employer's Requirements (ERQ)	All Drawings	Drawing Book 1 & Book 2	-	Please provide CAD drawing files.	<i>Please refer to GBB No. 07. CAD files are for reference only. PDF Drawings will govern.</i>
S-07	3	Section 7 General Conditions of Contract (GCC)	-	GCC 1	The conditions of Contract have been prepared for an ad measurement (unit price or unit rate) type of contract and cannot be used for other types of contract.	We understand that the any quantity variation items due to drawing changes will be remeasured. Please clarify if there any limitation and/or range of changes of quantity for remeasurement condition	<i>No limitations have been specified as the works have been designed to detailed design standards and the quantities measured to reflect the design. There will be some variations but the rates tendered and accepted will be used for quantity variations unless circumstances have changed for the relevant works involved.</i>
