

# MODERNIZED PHILGEPS (mPhilGEPS) READINESS ASSESSMENT

The PS-PhilGEPS will provide and implement a total e-Government procurement solution and achieve transparency in all stages of government procurement with the Modernized PhilGEPS (mPhilGEPS).

The mPhilGEPS will soon be launching the Electronic Bidding Facility consistent with its commitment to an improved public procurement process. Similarly, an eMarketplace Facility will be introduced as a platform to publish non-common use goods, supplies, equipment, and materials in the catalogue.

In view of this, the PS-PhilGEPS would like to invite you to participate in a short survey to evaluate the level of preparedness of **Government Agencies** and **Merchants** on the use of mPhilGEPS.

This survey will only take a few minutes of your time to complete.

Your responses to this assessment are strictly confidential. The survey results will be reported in aggregate form only.

Please click the link below to launch the **eSurvey Form**.
